This is why it is recommended to have a sample of the tea the customer is interested in, and according to the sample we will decide on the price .Also if we can get a target price we can manufacture a tea and a package that is in accordance with the price required, we will give the best quality that we can for the required price.**
- ⊙ **A sample of a tea, a target price, and a shape of a package that the customer wants, will save us a lot of time to reach the desired outcome.**

MIDGLOBE TRADING (PVT) LTD

- ◎ Sri Lanka's production is 23,621,389Kg in 2011 month of June. The majority of the Sri Lankan tea production is sold through the Colombo auction, with Middle East, Europe and Japan being the biggest buyers. We will not only enlarge market share in the USA, Pakistan, India, Russia, etc., which are main countries demanding the black fine tea, but also establish and develop a market branch in Kazakhstan.
- ◎ We warmly welcome domestic and foreign friends to cooperate with us. Sri Lanka's Tea Development Board and Association of Tea Growers develop and market Sri Lankan teas worldwide. These organizations' aims are to promote recognized standards and certification for the industry in general. They have made outstanding contributions to the Sri Lankan economy through excellence, innovation and quality in exporting overseas. The Tea bushes are harvested throughout the year, with the best quality being produced in January and February and again in July, during the drier periods of the year. Our Facilities of storing capacity enables us to give the fresh Quality tea to our buyers throughout the year.
